9 If the two additional posts of stenographer are sanctioned as recommended by the Municipal Council, then there will be three such vacancies one of which will be a 'General" one In that case, there would be no objection to the appointment of Mr K Sreenivasa Murthy in the General vacancy He is now borne on the 'A" list of Stenotypists of the General Manager, Mysore State Railway and his name could be transferred to the list of the Municipal Commissioner Bangalore If however the above two posts are not sanctioned as already stated B S Basavaraju should be appointed in the existing 'Special' vacancy

Minister says the stenographers to the Municipal Engineer, in pages 40 to 45 of their statement that he had been employed some time ago on a salary of Rs 150 per month. That he resigned the job and accepted the above post in the Municipal Office after getting assurance that he would be confirmed here on his present salary of Rs 150 to 250. He also stated to have given a written agreement binding himself to serve the Municipality at least for three years from the date of his appointment. It is not clear how the Municipality could insist upon such an agreement which is disregarded by the rules of recruitment.

22) In order to see that Mr Ramdas Murthy is kept in the office, the Municipality proposed the creation of two more posts of stenographers in the pay of Rs 40 to 75 each to be given to the Municipal Engineer and the Health Officer. There are already typists in each of these offices. The Municipality is not willing to replace these typist-clerks by the stenotypists who can certainly do much better work than ordinary clerks.

23) If other officers are to be given additional stenographers, it would mean additional recurring nature which is best avoided in the financial interests of the Municipality and observance of economy in expenditure. Further there is every likely

Subject - Regarding the appointment of a - Stenographer in the Bangalore City Municipality

---

With reference to your letter No L 5008/M1 55-42-30 dated 19-11-1942, stating that B S Basavaraju, a Lingayat, who has passed S S L C , Typewriting (Senior) and Shorthand(Junior I Class) examinations, may be tried for sometime as Stenographer, etc , I have the honour to state that the Municipal Council, - before whom the matter was placed, have resolved at their Meeting held on 12-12-1942 that Mr K Sreenivasa Murthy, might be - confirmed on Rs 50/- in the present vacancy and that Basavaraju might be appointed as Stenographer on Rs 40-2-50 in one of the two posts to be newly sanctioned to the Municipal Engineer's Office and the Health Office A copy of the said Council Resolution is herein enclosed for favour of reference

As expressed by the several members, Mr K Sreenivasa Murthy, who had been employed on a salary of Rs 50/- per month resigned that job and accepted the appointment in this Office on the assurance that he would be confirmed here on Rs 50/- in grade 40-2-50 As some of the Stenographers who had been pre-appointed were not able to cope (up) with the work and as work suffered considerably, the services of an efficient capable hand were badly needed Mr Sreenivasa Murthy qualified Official and has proved himself an able and ef Stenographer

At present, the existing staff in the Offices of the Health Officer and the Municipal Engineer, is ill-manned and is quite inadequate to cope with the everyday increasing work in the several directions in this premier Municipality The appointment of Stenographers one to the Health Office and one to the Engineer's Office will facilitate the speedy disposal of papers Whenever the Stenographer of the - Commissioner's Office absents himself from duty either on leave or on account of sickness, the services of the - Stenographers in the Health Office and the Engineer's Office, may be utilized As such, the appointment of a Stenographer on Rs 40-2-50 to each of these Offices is absolutely necessary A copy of the Council Resolution dated 12-12-1942, approving the creation of these two posts is herein enclosed As resolved by the Council, Basavaraju might be appointed on Rs 40-2-50 in one of these vacancies The Council resolution has been passed after great deliberation in the interest of efficient work

In these circumstances, I request that the sanction of Government might be kindly obtained to the resolutions of the Municipal Council dated 12-12-1942 to confirm Mr K Sreenivasa Murthy as Stenographer on Rs 50/- in grade 40-2-50 in the Commissioner's Office and to entertain a Stenographer on Rs 40-2-50 to each of the Offices of the Municipal Engineer and the Health Officer and to appoint Basavaraju in one of these posts

I have the honour to be,
Sir,

Subject No.16:

At the request of the Members, the President read out the letter from Government.

Mr. B. Subbiah observed that since the present Stenographer resigned his previous job on the assurance of the Council to give him the post permanently, it was not just that they should throw him out then and that hey should keep up their assurance to the party by retaining him here alone

Mr H. R. Guruv Reddy said that it would be better if the matter was referred to the Managing Committee for consideration

Mr. M. A. Gopalaswamy Iyengar observed that this post was a "B" class appointment as per C.R B classification and the Governmen had taken objection to the appointment of a brahmin candidate in that vacancy There was a proposal to appoint two more Stenographers to the Health and Engineering Sections and the Managing Committee had already sanctioned the same So they could give those two posts as a set off for this appointment and retain the present Stenographer in this place alone. By this method they could overcome the difficulty pointed out by the Government.

Mr M. K Narayana Iyengar said that here was no need to refer it to the Managing Committee and they could straightaway accept the suggestion of Mr. M. A. Gopalaswamy Iyengar. They e may simply reaffirm their previous resolution with this extra information and the Government would certainly accept their resolution.

Mr. H. R. Guruv Reddy speaking next said that the Government had turned down their proposal because it was not regular to appoint a brahmin candidate in a vacancy reserved for B Class applicants. The Government had also directed that the Council should not condemn their nominee without giving him a chance to improve and that they might try him for some time before starting that he was unfit. The Council was not in a position to brush aside the suggestion or direction

direction of the Government Afterall, Shorthand was a subject which required lot of practice and training he new man would require some time to get accustomed to the new surroundings and it was but right that they should give him some time to pick up This does not mean that the present Steno-rapher should be displaced The Council has found him efficient and is satisfied with his work He too should be provided The Council is going to sanction two more appoin ments as suggested by Mr M A Gopala-swamy Iyengar and hey may appoint the present man in one of the two vacancies Till then, they may try the new candidate both in the Managing Committee and in the Council

The Commissioner informed the House that the work of the Council Stenographer was differen from that of ordinary S enographer, that the former should be a capable hand fit to take down proceedings spoken in English and in - Kannada and hat the new man would not be immedi ely suited for Council work Fur her, the present Stenographer was got after a good deal of difficulty here was no candidate available in the B List and he had to make a reference to the Shorthand Writers' Association, who sent this c ndidate and he has been found to be efficient He was lready - working in a priva e firm on Rs 50/- and on the assurance of being confirmed here and given the same pay, he resigned his o her job and came over to he Municipality As re-gards giving a set off for his continuance by keeping two future vacancies for B lis candida es, the Governmen , may no agree since the creation of the posts itself had not b en sanctioned as yet he Public Service Commissioner wanted the new candida e to be tried and this means that he should be kept on for a couple of mon hs The work of the Council would suffer But he migh be a suitable p rson for one of the wo pos s to be newly created as he will

(16

will be best qualified for the same.

Mr. V. K. Govindaraajulu next said that it was clear from the observations made by the members that the Council wanted to keep up its assurance to the present Stenographer to make him permanent and they had also no reason or cause to differ since they had found his work satisfactory But they had nothing against the candidate sent by the Public Service Commissioner, except their assurance to the present man The Government should be made aware of the situation under which he was got and the assurance given by the Council and he was sure the Government would sanction their resolution The present Stenographer was very highly qualified and in the face of their assurance to him, it was not right on their part to let him down at this stage As regards the C. R. B objection, he had seen cases where such - irregularities had been condoned by Government and the present Commissioner himself had got orders accepting his appointments in such contingencies. So they should write to Government to sanction their resolution and the new man may also be provided in one of the two posts to be - sanctioned.

The Commissioner said that the Government had nothing to say regarding the candidate but had insisted that one man should be taken from their list. For this, Mr M K. Narayana Iyengar said that they as a Corporate Body, should fight for their rights.

At this Stage, Mr. K. V. Ramaswamy brought to the notice of the House that they had taken an agreement from the Present Stenographer to serve here for three years and it was not right to send him away now.

Then, Mr M. A. Gopalaswamy Iyengar moved the following proposition:-

"That in view of the fact that there were no candidates available for the post from the C R. B list at the time of the present Stenographer's appointment and that the - services of the present incumbent were procured with great difficulty, and that he was asked to resign his post in the Firm where he was getting Rs.50/- per month on the assurance that he would be confirmed in this appointment, this Council requests the Government to permit the Municipality to confirm him in his present appointment

The Council further resolves that the opinion of the Managing Committee sanctioning the appointment of two - Stenographers on Rs 40-2-50 for the Health and Engineer's Offices be approved and Mr Basavaraju be appointed in one of the above two posts"

The above was approved by the House unanimously.

SIR

With reference to your letter No L 9184/M 1 55-42-59 dated 11-3-1943, calling for certain particulars in regard to the appointment of Mr K Srinivasa Murthy as Stenographer on Rs 50/- in grade Rs 40-2-50 and to the appointment of one Stenographer to each of the offices of the Health Officer and the Municipal Engineer of this Municipality, I have the honour to state that, consequent on the appointment of Mr C Annadanappa as Octroi Superintendent, the post of the Prosecuting Inspector has fallen vacant from 16-10-1942 and that there is a savings of Rs 270/- against this vacancy The extra cost involved during the current year in appointing Stenographers as stated above will be met out of this savings and due provision will be made in the coming year's budget At present, there are no vacancies either in the Health or in the Engineering Section, but, one of the clerks in grade Rs 25-1-30-1-40 is designated as typist in each section in pursuance of your letter No 772-P M 1 10-41-160 dated 22-7-1942 They are not qualified typists No retrenchment could be made in any of the offices

Regarding para 2 of your letter under reply, I have to state that a written agreement has been taken from Mr P Srinivasa Murthy, binding him to serve this Municipality at least for three years from the date of his appointment and the grant of the maximum viz , Rs 50/- in grade Rs 40-2-50 was recommended to him as an incentive to stick on to this job

MUNICIPAL COMMISSIONER

This year, the municipality has got a number of unexpected income and financially, there will be no difficulty in making two appointments of stenographers for the Health and Engineering departments to increase the efficiency of work In other departments alone, besides saving in the smaller pay of the present other 3 upper subordinate the income also has considerably increased

mlt

Both the Health Officer and the Engineer have urged the need for stenographers, and our clerks are at present, booking after the typing work in addition to their other routine work They cannot be retrenched after the appointment of the stenographers as the clerical staff in these departments are already overworking
